Household Care

Personal Care

Cosmetics and Toiletries

Fine Fragrances and Misc
Perfumes

Baking and
Confectionery ; Chewing
Gum and Chocolate ; Ice
Creams and Jams

Beverage and Dairy
Products

Pharmaceuticals and Lip
Balms

Chemicals

Caustic Potash

Potassium hydroxide is an inorganic compound with the formula KOH , and is commonly called caustic potash

End Products: Fertilizers
Bio Diesel
Soaps
Detergents
Alkaline Batteries

Boric Acid

Boric acid is also called hydrogen borate

End Products: Antiseptics
Insecticides
Lubricants
Wood
LCD Displays
Ceramics

Borax

Borax is an important boron compound, a mineral, and a salt of boric acid

End Products: Detergents
Cosmetics
Enamel Glazes
Fiberglass
Glass Pottery
Ceramics

Caustic Soda

Sodium hydroxide, also known as lye and caustic soda, is an inorganic compound

End Products: Pulp and Paper
Textiles
Drinking Water
Soaps
Detergents
Drain Cleaners

Glycerin

Glycerol (also called glycerine or glycerin) is a simple polyol (sugar alcohol) that is colorless, odorless and viscous

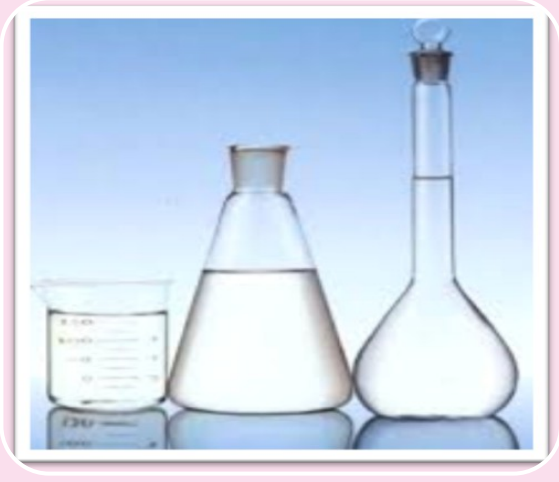

End Products: Pharmaceuticals
Foods
Personal Care Products
Botanical Extracts

Stearic Acid

Stearic Acid is a saturated fatty acid that is colorless, waxy and is almost insoluble in water

End Products: Cosmetics
Soaps
Detergents
Lubricants
Candles
Pharmaceuticals

Process Oils, Gels and Lubricants

White Mineral Oils
A mineral oil is any of various colorless, odorless, light mixtures of higher alkanes from a mineral source, particularly a distillate of petroleum
End Products:
Cosmetics
Coolants
Transformer Oils
Textiles
Food Preparation
Biomedicine

White Petroleum Jellies
Petroleum jelly, also a soft paraffin, is a semi-solid mixture of hydrocarbons
End Products:
Skin and Hair Care Products
Candles
Lubrication
Medical Treatments

Performance Plus Lubricants
Keep moving parts apart
Reduce friction
Transfer heat
Carry away contaminants
and debris
Transmit power
Protect against wear and tear
Prevent corrosion
Seal for gases
Prevent rust

Food Safe Lubricants
Cooking
Bio-medical applications
Ultrasound examinations
Medical examinations

Industry Segments

Industry	Products Supplied
Cosmetics (incl. fine fragrances, deodorants etc.)	Microcrystalline Wax, Paraffin Wax, Bees Wax, Carnauba Wax, Candelila Wax, Ozokerite Wax, Mineral Oils, Stearic Acid, Caustic Potash, Boric Acid, Borax, Petroleum Jelly, Fragrances
Household and Personal Care	Fragrances, Stearic Acid, Soap Noodles, Caustic Potash, Borax, Caustic Soda, Glycerin
Food & Beverage Industry	Flavors for chocolates, beverages, dairy products, alcoholic drinks, Carnauba Wax
Rubber Industry (Tyres, Rubber Products etc.)	Microcrystalline Wax, Stearic Acid, Paraffin Wax, Mineral Oils
Polishes & Paints	Montan Wax, Carnauba Wax, Candelila Wax, Paraffin Wax, Microcrystalline Wax, Fragrances
Candles	Paraffin Wax, Microcrystalline Wax, Bees Wax, Ozokerite Wax, Fragrances, Stearic Acid
Pharma Industry	Flavors, Petroleum Jelly, Microcrystalline Wax, Bees Wax, Carnauba Wax, Mineral Oils, Boric Acid, Glycerin, Certified food-safe Lubricants
General Industry	Specialty Mineral Oils, Transformer Oils, Heat absorbing Oils, Rust preventive Oils, Agricultural spray Oils
